

VOLUME III: TABLE OF CONTENTS

VOLUME III

APPENDICES

- Air Resources and Climate**
 - Introduction AIR-1
 - Tables and Figures AIR-2
 - Air Resource Management Plan: Adaptive Management
 - Strategy for Oil and Gas Resources ARMP-1

- Disturbance**
 - Introduction DIST-1
 - Methodology DIST-1
 - Clarifications DIST-1

- Economics**
 - Introduction ECO-1
 - The IMPLAN Model ECO-1

- Fish and Wildlife**
 - Introduction FWI-1
 - Aquatic Wildlife
 - Amphibians FWI-1
 - Reptiles FWI-2
 - Fish FWI-2
 - Terrestrial Wildlife FWI-3
 - Special Status Species FWI-3
 - Bighorn Sheep FWI-5
 - Migratory Bird Conservation FWI-5

- Greater Sage-grouse (GRSG) Conservation Buffer**
 - Buffer Distances and Evaluation of Impacts to Leks GRSG BUF-1

- Greater Sage-grouse (GRSG) Disturbance Cap**
 - Introduction GRSG DIST -1
 - Disturbance Cap GRSG DIST-1
 - Density Cap GRSG DIST-3

- Greater Sage-grouse (GRSG) Effects**
 - Greater Sage-grouse Effects Analysis Process GRSG EFFECTS-1
 - Introduction GRSG EFFECTS-1

- Greater Sage-grouse (GRSG) Monitoring Framework**
 - Introduction GRSG MON-1
 - Broad and Mid-Scales GRSG MON-3
 - Implementation (Decision) Monitoring GRSG MON-4
 - Habitat Monitoring GRSG MON-4
 - Population (Demographics) Monitoring GRSG MON-19
 - Effectiveness Monitoring GRSG MON-19
 - Fine and Site Scales GRSG MON-22
 - Conclusion GRSG MON-23
 - Greater Sage-grouse Disturbance and Monitoring

VOLUME III

Sub-Team Membership.....	GRSG MON-24
Attachment A: An Overview of Monitoring Commitments	GRSG MON-28
Attachment B: List of All Sagebrush Species & Subspecies	GRSG MON-29
Attachment C: User and Producer Accuracies for Aggregated Ecological Systems within Landfire Map Zones	GRSG MON-30
 Greater Sage Grouse (GRSG) Regional Mitigation Strategy	
Introduction.....	GRSG REG MIT-1
Developing a WAFWA Management Zone Regional Mitigation Strategy	GRSG REG MIT-1
 Greater Sage-grouse (GRSG) Required Design Features	
Introduction.....	GRSG RDF-1
Required Design Features for Pond	GRSG RDF-1
Required Design Features for Fluid Minerals.....	GRSG RDF-2
Required Design Features for Fire and Fuels	GRSG RDF-6
 Lands and Realty-Renewable Energy	
Introduction.....	LAN-1
Lands and Realty	LAN-1
Carbon Geo-sequestration	LAN-1
ROW Corridors	LAN-1
Conveyance of Federally Owned Mineral Interests.....	LAN-1
General Information Pertaining to Land Ownership Adjustments	LAN-2
Withdrawals.....	LAN-7
Renewable Energy	LAN-10
BLM Wind Energy Program Policies and BMPs	LAN-10
 Livestock Grazing	
Introduction.....	LVG-1
Allotment Categories	LVG-1
Screening Criteria	LVG-3
Reserve Common Allotment Criteria	LVG-4
 Minerals	
Introduction.....	MIN-1
Fluid Minerals.....	MIN-1
Fluid Minerals	MIN-1
Geophysical Exploration.....	MIN-1
Leasing Process.....	MIN-3
Plan Maintenance.....	MIN-4
Operating Standards and Approval Procedures	MIN-4
Permitting Process	MIN-4
Bonding.....	MIN-5
Appeals	MIN-6
Conditions of Approval.....	MIN-7
Mitigation Measures and Best Management Practices	MIN-13
Site Construction.....	MIN-13
Drilling Operations	MIN-14
Completion Operations	MIN-18
Production and Development.....	MIN-21
Regulations, Laws, and Special Procedures.....	MIN-28
Split Estate	MIN-30
Undesirable Events	MIN-30

VOLUME III

- Geothermal MIN-31
- Lease Stipulations MIN-32
 - Management Common to all Alternatives
 - No Surface Occupancy MIN-35
 - Lease Notice MIN-37
 - Alternative A
 - No Surface Occupancy MIN-38
 - Controlled Surface Use..... MIN-41
 - Timing MIN-43
 - Lease Notice MIN-44
 - Alternative B
 - No Surface Occupancy MIN-44
 - Controlled Surface Use..... MIN-50
 - Lease Notice MIN-51
 - Alternative C
 - No Surface Occupancy MIN-52
 - Controlled Surface Use..... MIN-57
 - Lease Notice MIN-63
 - Alternative D
 - No Surface Occupancy MIN-64
 - Controlled Surface Use..... MIN-65
 - Lease Notice MIN-74
 - Alternative E
 - No Surface Occupancy MIN-76
 - Controlled Surface Use..... MIN-83
 - Timing MIN-88
 - Lease Notice MIN-88
- Reasonably Foreseeable Development Scenarios..... MIN-90
- Solid Minerals..... MIN-104
 - Coal MIN-104
 - Locatable Minerals and Mineral Materials MIN-126
 - Solid Minerals RFD..... MIN-128

Mitigation Measures and Conservation Actions

- Introduction MMCAA-1
- General Mitigation Measures and Conservation Action Resources... MMCAA-2

Monitoring

- Introduction MON-1
- Monitoring Table MON-2
 - Air Resources and Climate MON-2
 - Soils MON-3
 - Water MON-6
 - Vegetation MON-12
 - Trees and Shrubs MON-12
 - Herbaceous MON-13
 - Riparian and Wetland Areas MON-13
 - Invasive Species MON-14
 - Fish and Wildlife MON-14
 - Wildland Fire Management and Ecology MON-17
 - Cultural Resources MON-17
 - Paleontological Resources MON-18
 - Visual Resources Management MON-19
 - Forestry and Woodland Products MON-20

VOLUME III

Minerals	
Coal.....	MON-21
Oil, Gas, and Geothermal.....	MON-22
Locatable Minerals.....	MON-24
Mineral Materials.....	MON-25
Recreation.....	MON-26
Renewable Energy.....	MON-26
Travel Management and OHV and Back Country Byways.....	MON-27
Lands and Realty.....	MON-27
Special Designation Areas.....	MON-29
Areas of Critical Environmental Concern.....	MON-29
Wilderness.....	MON-29
Public Comment	
Introduction.....	PUB-1
Reclamation	
Introduction.....	RCL-1
Reclamation Goals.....	RCL-1
Reclamation Objectives.....	RCL-1
Recreation	
Introduction.....	REC-1
Existing SRMAs.....	REC-1
Proposed SRMAs.....	REC-3
Proposed ERMAs.....	REC-7
Travel Management Planning.....	REC-8
Special Designation Areas	
Introduction.....	SPE-1
Areas of Critical Environmental Concern.....	SPE-1
Wild and Scenic Rivers.....	SPE-19
Vegetation	
Introduction.....	VEG-1
Datum Sources.....	VEG-1
Special Status Species Plants.....	VEG-3
Invasive Species Treatment.....	VEG-7
Water	
Introduction.....	WAT-1
Groundwater Wells in the Planning Area.....	WAT-1
Impaired Waterbodies in the Planning Area.....	WAT-1

TABLES

Air Resources and Climate Appendix

1	Baker Co-op Station Temperature and Precipitation Data (1948 to 2005)..	AIR-2
2	Broadus Co-op Station Temperature and Precipitation Data (1948 to 2005).....	AIR-2
3	Glendive Co-op Station Temperature and Precipitation Data (1905 to	

TABLES

2005) **AIR-3**

4 Jordan Co-op Station Temperature and Precipitation Data (1905 to 2005)
..... **AIR-3**

5 Lame Deer Co-op Station Temperature and Precipitation Data (1948 to
1998) **AIR-4**

6 Miles City FAA Airport Temperature and Precipitation Data (1937 to
2005) **AIR-4**

7 Sidney Co-op Station Temperature and Precipitation Data (1910 to 2005)
..... **AIR-5**

8 Hourly Wind Data From Stations in the Planning Area **AIR-5**

Disturbance Appendix

1 Anticipated Surface Disturbance Acreages for Each
Alternative From BLM Assumed Actions **DIST-2**

Economics Appendix

1 Annual MCFO Recreation Visits by Trip Segment..... **ECO-3**

2 Spending Profiles by Trip Segments for Average Spending
Forests **ECO-3**

3 Federal Solid Minerals RFD **ECO-4**

4 Federal Fluid Minerals RFD **ECO-4**

5 Baseline Contributions & Impacts **ECO-5**

6 Distribution of Natural Resource Related Payments to
State/Counties **ECO-6**

Fish, Aquatics and Wildlife Habitat, Including Special Status Species Appendix

1 Native and Nonnative Amphibian Species Occurring in the Planning Area
..... **FWI-1**

2 Native and Nonnative Reptile Species Occurring in the Planning Area
..... **FWI-2**

3 Native and Nonnative Fish Species Occurring in the Planning Area
..... **FWI-2**

4 Special Status Species **FWI-3**

5 Relevant Plans and Regulations for Special Status Species
In the Planning Area..... **FWI-8**

6 Miles City Field Office Wildlife Survey Protocol..... **FWI-10**

Greater Sage-grouse (GRSG) Disturbance Cap Appendix

1 Anthropogenic Disturbance Types **GRSG DIST-3**
Seven Site Scale Features Considered Threats to

2 Sage-grouse **GRSG DIST-4**
Relationship Between 18 Threats and 3 Habitat Disturbance
Measures for Monitoring and Disturbance And

3 Calculations..... **GRSG DIST-5**

Greater Sage-grouse (GRSG) Monitoring Framework Appendix

Indicators for Monitoring Implementation of the
Strategy, Decision, Sage-grouse Habitat, and Sage-Grouse

1 Populations at the Broad and Mid-Scales..... **GRSG MON-3**
Relationship Between the 18 Threats and the Three Habitat Disturbance

2 Measures for Monitoring **GRSG MON-4**
Datasets for Establishing and Monitoring Changes in

3 Sagebrush Availability **GRSG MON-7**

4 Ecological Systems in BPS and EVT Capable of

TABLES

Supporting Sagebrush Vegetation **GRSG MON-8**
 Ecological Systems with Conifers Most Likely to
 5 Encroach into Sagebrush Vegetation..... **GRSG MON-11**
 6 Geospatial Data Sources for Habitat Degradation **GRSG MON-17**

Minerals Appendix

1 Comparison of Well Characteristics in Producing Provinces **MIN-68**
 2 General Statewide Spacing Rules for Montana **MIN-71**
 3 Approximate Acres by County in the Planning Area **MIN-79**
 4 Ten Largest Operators of Wells Drilled Between 2000 and 2010 . **MIN-81**
 5 Wells Drilled in the Planning Area by County **MIN-87**
 6 Type of Wells Drilled in the Planning Area **MIN-88**
 7 Cumulative Oil and Gas Production by County **MIN-90**
 8 Top Five Oil-producing Fields in the Planning Area **MIN-91**
 9 Top Five Gas-producing Fields in the Planning Area **MIN-92**
 10 Bakken Formation Production of the Five Largest Producers **MIN-92**
 11 Number of Wells Drilled by Company in the Bakken Formation .. **MIN-93**
 12 Largest Operating Companies in the Planning Area **MIN-93**
 13 Type of Wells in the Planning Area **MIN-94**
 14 Type of Current Producing Wells in the Planning Area **MIN-94**
 15 Top Twenty Producing Formations **MIN-95**
 16 Top Ten Bakken Oil Producers through 2010 **MIN-96**
 17 Oil and Gas Lease Sales for the Miles City Field Office from 2000 to
 2011 **MIN-98**
 18 USGS Estimated Undiscovered Technically Recoverable Resource
 Quantities in the Williston Basin Province **MIN-108**
 19 USGS Estimated Undiscovered Technically Recoverable Resource
 Quantities in the Williston Basin Province of the Miles City Field Office
 Planning Area **MIN-109**
 20 Projected Annual Wells Spud **MIN-116**
 21 Development Potential Areas in the Planning Area **MIN-117**
 22 Forecast of Planning Area Annual and Cumulative Oil and Gas
 Production for 2011 through 2030 **MIN-122**
 23 Disturbance Associated with New Drilled Wells, Existing Wells, and
 Projected Active Wells for the Baseline Scenario (Short-term
 Disturbance) **MIN-125**
 24 Disturbance Associated with New Producing Wells for the Baseline
 Scenario (Long-term Disturbance) **MIN-126**
 25 Summary of 2003 USGS Resource Assessment of the Powder River
 Basin, Montana Portion Only **MIN-128**
 26 Level of Disturbance for Oil and Gas Wells and Associated Production
 Facilities **MIN-136**
 27 Tons of Coal Produced in Fiscal year 2008 **MIN-162**
 28 Summary of Permitted Acres in Bentonite RFD Areas in the Planning
 Area **MIN-164**

Monitoring Appendix

1 Monitoring Table **MON-2**

Recreation Appendix

1 Travel Planning Information **REC-8**

Special Designation Areas Appendix

TABLES

1 Greater Sage-grouse Relevance and Importance Evaluation **SPE-7**
 2 River Segments in the Planning Area Eligible for Designation as Wild
 and Scenic Rivers **SPE-24**

Vegetation Appendix

1 Existing NVCS Vegetation Classifications Found on BLM-Administered
 Lands within the Planning Area **VEG-2**
 2 BLM Special Status Plants in the Planning Area **VEG-4**

Water Appendix

1 Groundwater Well Aquifer Use by County **WAT-2**
 2 2012 Montana List of Impaired Streams and Rivers Adjacent
 To BLM-Administered Land **WAT-4**
 3 2012 Montana List of Impaired Reservoirs and Lakes Adjacent
 To BLM-Administered Land **WAT-10**
 4 Causes of Surface Water Impairment in the Planning Area **WAT-11**
 5 Probable Causes of Impairment in the Planning Area **WAT-12**

FIGURES

Air Resources and Climate Appendix

1 Wind Rose, Pine Hill, Montana (1999 to 2009) **AIR-6**
 2 Wind Rose, Poplar, Montana (1992 to 2009) **AIR-7**
 3 Wind Rose, Medicine Lake, Montana (2003 to 2009) **AIR-8**
 4 Wind Rose, Badger Peak, Montana (1986 to 2009) **AIR-9**
 5 Wind Rose, Knowlton, Montana (2009) **AIR-10**
 6 Projected United States Temperature Changes from 1961 to
 1979 Baseline **AIR-11**
 7 United States Winter Temperature Trends from 1975 to 2007 **AIR-12**
 8 Predicted Number Of Days over 100 Degrees Fahrenheit in
 the United States **AIR-13**
 9 Predicted Seasonal Changes in North American Precipitation
 from 2080 to 2099 **AIR-14**
 10 Projected Change in United States Ground-level Ozone in the
 2090s **AIR-15**
 11 Predicted Changes in Wildfire Area Burned in the Western
 United States **AIR-16**
 12 Mean Annual Concentrations of Nitrogen Compounds in the
 Miles City Study Area (Theodore Roosevelt National Park) **AIR-17**
 13 Mean Annual Concentrations of Sulfur Compounds in the
 Miles City Study Area (Theodore Roosevelt National Park) **AIR-18**
 14 Mean Annual Precipitation PH Representing the Planning Area,
 Little BigHorn Battlefield **AIR-19**
 15 Mean Annual Precipitation PH Representing the Planning Area ... **AIR-20**
 16 Total Nitrogen Deposition in Theodore Roosevelt National Park .. **AIR-21**
 17 Total Sulfur Deposition in Theodore Roosevelt National Park **AIR-22**
 18 Inorganic Nitrogen Wet Deposition from Nitrate and
 Ammonium in 2008 **AIR-23**
 19 Total Mercury Wet Deposition in 2008 **AIR-24**
 20 Hydrogen Ion Concentration as PH From Measurements
 Made at the Central Analytical Laboratory in 2008 **AIR-25**
 21 Nitrate Ion Concentration in 2008 **AIR-26**

TABLES

22 Ammonium Ion Concentration in 2008.....**AIR-27**
 23 Total Mercury Concentration in 2008**AIR-28**
 24 Daily Visibility Representing the Miles City Study Area,
 Northern Cheyenne Indian Reservation**AIR-29**
 25 Daily Visibility Representing the Miles City Study Area,
 Medicine Lake**AIR-30**
 26 Daily Visibility Representing the Miles City Study Area,
 UL Bend**AIR-31**
 27 Daily Visibility Representing the Miles City Study Area,
 Fort Peck Indian Reservation**AIR-32**

Greater Sage-grouse (GRSG) Monitoring Framework Appendix

Map of Greater Sage-grouse Range, Populations, Subpopulations
 1 And Priority Areas for Conservation (PACS) as of 2013. . **GRSG MON-2**

Livestock Grazing Appendix

1 Allotment Flowchart.....**LVG-2**

Minerals Appendix

1 Gas Well Spacing Section Plat**MIN-72**
 2 Oil Well Spacing Section Plat**MIN-73**
 3 Directional Drilling Accessibility Concept**MIN-77**
 4 Generalized Stratigraphic Column Showing the Stratigraphic
 Relationships of Producing Formations within the Planning Area **MIN-86**
 5 Rig Counts for Montana, North Dakota, and Wyoming**MIN-89**
 6 Elm Coulee Bakken Decline Curve**MIN-96**
 7 Montana Historical Gas Prices to 2009 with Energy Information
 Administration Forecasts from 2010 to 2035**MIN-112**
 8 Montana Historical Oil Prices to 2011 with Energy Information
 Administration Forecasts from 2011 to 2035**MIN-114**
 9 Vertical Well Depths in the Planning Area**MIN-118**
 10 Planning Area Well Numbers by Year (1901 Through 2010).....**MIN-121**

Special Designation Areas Appendix

1 Greater Sage-grouse Distribution**SPE-8**
 2 Greater Sage-grouse Management Zones**SPE-9**
 3 Greater Sage-grouse Core Areas in Montana**SPE-9**
 4 Greater Sage-grouse Core Areas in Wyoming**SPE-10**
 5 Important Bird Areas in Montana.....**SPE-10**
